In order to be eligible for high game or high series listing on the standing sheet, a bowler must have bowled a min. of 21 games as stated in league software.
Officers may grant an exception to this rule.

Team alternates and League alternates are considered full team members, and once they begin a series, they cannot be replaced by a late arrival of a regular team member.
- b) If a bowler is late, he/she may bowl if neither team has thrown the first ball of the fifth frame. If the first ball of the fifth frame has been thrown, that bowler is considered absent and you must use the lowest average absent for that game (see rule 10d). If the bowler shows, he/she may bowl the second and third games of that match without further penalty.
- c) If for some reason, you do not have four bowlers on your roster, you may use a score of 120 to compute handicap and also use this score on the score sheet less ten pins.

1. Use the lowest absent bowler's average to compute handicap.
 2. Subtract ten pins from this average to compute scores.
 3. Circle the scores to denote the blind bowler.

1. Authorize the game and series to be completed on another pair of certified lanes; or
2. Authorize the game and/or series to be bowled on one lane when another pair of certified lanes is not available. However, when the original pair or another pair of certified lanes becomes available, the team(s) may resume play on a pair of lanes.

- c) If an individual bowls out of turn (or on the wrong lane) the delivery does not count, a dead ball would be declared and the correct bowler would then be required to continue play.
- d) If one person from each team bowls on the wrong lane a dead ball would be called. Neither of the deliveries would count and the players would be required to re-bowl on the correct lanes.

League Election Procedures

Overview

In accordance with Section 19 of the NCBA Friday by-laws, an Election Committee, consisting of 5 individuals, will be randomly selected from all who volunteer to serve. These individuals will then be charged with managing the annual election process, as outlined below.

Following is a summary of the significant components of the process, followed by a detailed timeline of activities that will occur during the annual election process.

Casting Final Votes

- All official votes will be cast directly with a member of the Election Committee.
- Each voter will place their ballot directly in a locked box with a representative of the Election Committee present.
- The Election Committee will ensure that each member voting has bowled a minimum of 21 games, as required by the by-laws.
- Upon casting their vote, eligible members will be marked on a control report maintained by the Election Committee, which will prevent duplicate ballots from being cast.
- To ensure each member only votes once, and that they are actually casting their own vote, ballots cannot be submitted by anyone other than the actual voting member.
- The ballot box will remain in the possession of a member of the Election Committee at all times. A separate member of the Election Committee will have possession of the keys that open the box. This will ensure a level of dual control over the process at all times. At no time will the box be opened without at least two individuals from the Election Committee being present.

Counting Of Ballots

- Two teams, consisting of at least two Election Committee members each, will independently count the ballots. The results from both teams will be compared to verify accuracy of the totals.
- The final tabulated results will be signed by all individuals on the Election Committee who participated in the counting process, sealed in an envelope, and placed back in the locked ballot box until they are to be revealed to the league at the annual banquet.
- In the event of a tie for any of the Officer positions, a new vote will be conducted during the banquet for that particular office. The Election Committee will then tabulate the results and immediately share them at the banquet.

Reporting Results

- The election results will not be shared with anyone outside of the Election Committee until such time as they are shared with the entire league at the banquet. The official vote counts for all candidates will be communicated to the league after the results are revealed at the banquet.

Election Timeline

Activities associated with the annual election process will occur over a seven week period. However, the general league membership will only be involved for a five week span. The full timeline is outlined below.

Bowling Week # (and date)	Activity
20 2/18	Notification Of Upcoming Elections <ul style="list-style-type: none"> The league Secretary will send out an email to all league members informing them that nominations for Officer positions for next season will be solicited at bowling during the following 2 weeks.
21 & 22 2/5 & 3/4	Solicit Nominations <ul style="list-style-type: none"> The Election Committee will provide nomination forms to all teams, along with a brief description of what each position entails. Completed nomination forms are to be returned to any member of the Election Committee, and will be accepted at bowling during either of the two weeks. Confirmation Of Nominations <ul style="list-style-type: none"> The Election Committee will confirm that all nominees have bowled a minimum of 21 games, as required by the by-laws. The Election Committee will confirm with each nominee whether they accept or decline a nomination. The Election Committee will take a picture of each confirmed nominee (headshot only) to be shared with all league members when the actual voting occurs. Each confirmed nominee will be given the opportunity to write a brief sentence or two about themselves and/or why they are running for office. This information will be shared with all league members either through email, flyer, or posting on the NCBA website.
23 3/11	Introduction of Candidates (Optional) <ul style="list-style-type: none"> A list of those who have accepted a nomination will be compiled and provided to all league members. There will be an open week before official voting occurs, which will allow all confirmed candidates an opportunity to talk with and/or introduce themselves to other league members prior to the actual election. This is strictly optional for each candidate. If they so choose to approach other league members, candidates must always be respectful of their fellow bowlers and must not interrupt the flow of bowling.
24 & 25 3/18 & 3/25	Voting Occurs <ul style="list-style-type: none"> Ballots will be provided to all teams at the beginning of bowling during the first of the two weeks of voting. Extra ballots will be available as needed. Ballots can be cast at any point during bowling on these two weeks, but must be received by the end of the second night. Each league member wishing to vote must cast their own ballot directly with the Election Committee. Ballots will not be accepted from anyone other than the actual member casting their personal vote. Members must be present in order to vote, even if they may be scheduled off from actually bowling.
At The Banquet TBD	Counting Of Ballots <ul style="list-style-type: none"> The Election Committee will meet early to count all ballots and tabulate the election results. The results will be sealed in an envelope and kept secure by the Election Committee until they are to be revealed to the league during the banquet. Revealing The Election Results <ul style="list-style-type: none"> A member of the Election Committee will announce the winners during the banquet. Results will not be revealed to any league member prior to the banquet. Final results, including vote totals for each candidate, will be communicated to all league members. Complete results will be kept on file until the end of the following season, since the runners-up are eligible to take over an Officer position if one is vacated.
